Welcome to the latest September Newsletter. This will be produced every 2-3 months and lists the most recent literature in the field.

Full text links are provided where available please login to Athens to access the article. If you do not have an NHS Open Athens account register at https://register.athensams.net/nhs/nhseng

QEBH, HEFT and RWT now have an online document supply request form for requesting journal articles, leading to a faster and more efficient service. Register now at http://www.basedoc.co.uk. There may be a charge for this service.

If you cannot access the full text, please contact your local trust library, who will be able to assist you. There may be a charge for this service. You may also access journals via http://www.evidence.nhs.uk via your Athens account.

Quinn, JV, Polevoi, SK & Kohn, MA (2014) Traumatic lacerations: What are the risks for infection and has the 'golden period' of laceration care disappeared? Emergency Medicine Journal, 31 (2), pp.96-100. Link to Full Text

The following journals have been searched for evidence published in the previous three months

- Academic Emergency Medicine
- American Journal of Emergency Medicine
- Annals of Emergency Medicine
- BMC Emergency Medicine
- Clinical Pediatric Emergency Medicine
- Emergency Medicine Australasia
- Emergency Medicine Clinics of North America
- Emergency Medicine International
- Emergency Medicine Journal
- European Journal of Emergency Medicine
- Hong Kong Journal of Emergency Medicine
- Internal and Emergency Medicine
- International Journal of Emergency Medicine
- Internet Journal of Emergency and Intensive Care Medicine
- Journal of Emergency Medicine
- Journal of Emergency Medicine, Trauma and Acute Care
- Journal of Emergency Nursing
- Open Access Emergency Medicine
- Pre Hospital Emergency Care
- Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine
- Western Journal of Emergency Medicine
- World Journal of Emergency Surgery

Plus the following resources

- HDAS Databases – Medline, Cinahl etc
- BMJ Evidence Updates
- Nice Guidelines
- Cochrane Library
- NHS Evidence
