How can I help you?

Literature search service
I can offer an expert, in-depth literature search service to help you locate the evidence on any health related topic.

Training
If you want to learn to navigate the wealth of available online healthcare information and how to search databases more effectively, the ‘Trust trainer’ can offer timetabled hands-on training sessions or can provide customised one-to-one support. Telephone: 0121 424 0583 or email: laura.lewis2@heartofengland.nhs.uk

Current awareness services
If you need to keep up-to-date on a particular topic I can advise on suitable RSS feeds and help you set up article alerts from the major healthcare databases.

Online resources
Whilst many good quality resources are freely available, most full-text journals and the main bibliographic databases (e.g. Medline and CINAHL) require an Athens username and password. To register for an Athens login go to www.athens.nhs.uk or www.evidence.nhs.uk

The Library web pages contain detailed information about library services and training opportunities, online request and registration forms and several guides on key online resources and evidence-based websites at www.heftlibrary.nhs.uk

Contact
The Outreach Librarian is located in the education centre at Heartlands Hospital, on the first floor, next to the Library.
Telephone 0121 424 2503 (42503) or email: ann.button@heartofengland.nhs.uk
